Fall 2022- PRESENT

Vincent Vispo

vispo1@kenyon.edu; (518) 704-8408; Chatham NY

Economics and Environmental Studies major with experience in environmental economic data-analysis, independent research, and field-work. Attempting to communicate the importance of nature where it may otherwise be overlooked through the monetary valuation of environmental services, ideally without losing sight of the complexities inherent to human interactions with the natural world.

Relevant experiences:

Undergraduate Research Assistant at University of Utah

May-August 2024

- Assisted with a study on urban forestry, creating and maintaining lists of possible city employee contacts based on criteria given by supervisor, then made contact through polite and professional emails and phone calls, achieving a response rate of about 50%.
- Coordinated calendars to schedule interviews, of which we had 53 before the end of the summer. Conducted background research and wrote a primer document before each interview, then assisted with asking questions. Ensured the completion of required IRB consent forms by interview participants.

Summer Sustainability Scholar at Kenyon College

Summer 2023

- Conducted research using i-Tree Eco to examine the values of ecosystem services provided by the land owned by the college's nature center.
- Initial phase of research included mapping in QGIS to establish strata and plot locations.
- Bulk of the summer consisted of forest surveys after mapping was completed, as well as synthesizing findings into a poster and writing a report.

Research Assistant at Hawthorne Valley Farmscape Ecology Program

2020-2021

- Conducted research using census information, newspaper archives, and maps to establish a historical ownership timeline for a parcel of land. Wrote a 20-page report detailing these findings, including graphics made in Google sheets, and maps created in ArcGIS.
- Used ArcGIS and LIDAR imaging to record locations of charcoal pits in Columbia County.
- Created educational animations with ArcGIS and Adobe Suite, detailing the spread of railroads and population in Columbia County which were projected on a 3-dimensional map.

Field Assistant at Hawthorne Valley Farmscape Ecology Program

Summers 2014-2018, 2020

- Assisted with and later independently conducted surveys for dragonflies and butterflies. Information was used for public outreach, education, reports, and the NYS Dragonfly Atlas.
- Designed a poster detailing the dragonflies in Columbia County using PowerPoint. Also designed a web page detailing the same information.
- Created spreadsheets from data collected in 2020.

Tour Guide at Vogtsbauernhof (Gutach, Germany)

Summer 2019

- Worked for five weeks, six days per week, with two hour-long tours per day, sometimes longer periods if working with particular tour groups.
 - Tours were through several buildings in an open-air museum for historic Black Forest farmhouses of the 1400-1800s. Designed my own tours, researched questions from previous groups, and constantly adapted based on the interests and capabilities of each group.
 - Tours were conducted in English, although most of my coworkers exclusively spoke German and I spoke with them in that language.
-

Other work experience:

Economics Grader at Kenyon College

August - December 2024

Cashier at The Village Market

August - December 2023

Local Produce Coordination Specialist at Community Roots

September 2022 - May 2023

Worker at Varriale Brothers Builders

Summer 2022

Farmhand at Thompson Finch Farm

Summers 2021 & 2022

Census enumerator at United States Census Bureau

Aug 2020

Server/Dishwasher at Destinos

September 2019

Cashier at Hawthorne Valley Farmstore

Winter 2017-July 2019

Martha Williams

(803)730-5503 | marthaswilliams2014@gmail.com | www.linkedin.com/in/marthaswilliams

Detail-oriented student leader relocating to the DC area. Looking to bring strong research, writing, and analytical skills to a full-time role in policy analysis and advocacy. Driven by a commitment to evidence-based problem solving and eager to contribute to meaningful policy solutions through collaboration and analysis.
